Hello, I'm going to show you how to log out of the app. It's very simple. At the top right you have the blue icon.

We click on it, and then we can click on app settings. Then we can scroll all the way down, because that's where the button is.

We go all the way down, and there we see log out in the middle. We click on that.

And then you are logged out of the app.
