

Add category tile

Step-by-step instructions for Add category tile in Express Me.

Watch the video, follow the steps, or open the complete transcript for a text version of the instructions.

Step-by-step instructions

1

Enter edit mode

Click the profile icon in the top right to open **Settings**. Turn on **Edit mode** and return to the home screen.

2

Add a category tile

Click **Add tile** at the bottom of the screen. Select **Category**.

3

Name the category

Enter a name for your category (e.g., "fruit").

4

Choose an image

Take a photo or select one from your gallery. Pick the desired photo and click **Confirm position**.

5

Fill the category with word tiles

Scroll down to find the new category and open it. Add word tiles to expand the category.

I'm going to show you how to add a category tile within the app.

To do this, first click on the profile icon in the top right to go to settings. Then turn on edit mode and return to the home screen.

Now a button appears at the bottom of the screen that allows you to add a tile. Click on it and you'll have the choice between a category or word tile. Select category and give it a name - for example "fruit".

For the image, you can take a photo or choose a photo from your gallery. Select the desired photo and confirm the position.

When you scroll down, you'll see the new category appear. You can open it to add more tiles to it. The category starts empty, but you can further expand it with word tiles.
