Hello, I'm going to show you how to adjust the text size within the app.

We start by clicking the blue icon at the top right. Then we can go to app settings.

If we scroll down a bit, we'll see the text size there. And then we can choose small, normal or large letters.

Well, for now I'll go with large letters. If we go back, we'll indeed see that the text size has been adjusted.
